The Golden Gate National Parks Conservancy protects and builds public support for the national parks that make San Francisco truly unique.

Our programs serve kids, families, and people of all backgrounds and ages through youth education, volunteer opportunities, community programs, and visitor services.

The Conservancy partners with the National Park Service, Presidio Trust, schools, and community organizations to connect residents in every San Francisco neighborhood with their national parks.

Preserving natural beauty, recreational spaces, and our cultural heritage in one of the most densely populated metropolitan areas in the country, the Golden Gate National Parks are unique treasures that make San Francisco great—for residents and visitors alike. And for more than 35 years, the nonprofit Parks Conservancy has been their champion.

Our programs aim to serve the entire community and help improve the quality of life for residents in our bustling city by caring for these extraordinary national parks, providing safe places for fun and relaxation, and offering opportunities for volunteerism and genuine civic connection.
We are the official nonprofit partner to the Golden Gate National Parks, the most-visited national park unit in the U.S. with 19 million visitors a year.

Many of San Francisco’s most beloved places—Crissy Field, Lands End, Ocean Beach, the Presidio, and the Golden Gate Bridge visitor plaza—have been improved by the nonprofit Golden Gate National Parks Conservancy. Since 1981, the Conservancy has transformed, enhanced, and helped care for these national park sites, which span San Francisco, San Mateo, and Marin counties. Conservancy projects and programs extend the many benefits of our parks far beyond their 80,000 spectacular acres, to serve the greater Bay Area.
