TEAM BUILDING FOR COMMUNITY IMPACT

GROW YOUR PARK

In just a few hours, your team will make a difference for our parks and our community! They will join our dedicated community of 25,000 volunteers that we depend on every year to care for the parks' vast array of resources—trails, landscapes, habitats, wildlife, native plant nurseries, historic sites, beaches, youth and public programs, and much more.

CONNECT YOUR TEAM

Park volunteer projects are the ultimate teamwork experience—working together outside of the office, undertaking group projects in the outdoors, learning and applying new skills, and having a fun day in the park amid spectacular settings. You will have an unforgettable team-building outing that will result in returns for your work, your park, and your community.

INSPIRE YOUTH LEADERS

Help us empower our next generation of socially and culturally diverse community stewards through volunteer and internship experiences. Engaging young people in service is a critical pathway for youth to connect with, learn about, and care for their parks, their community, and the environment around them—while building skills, knowledge, perspective, and leadership.
