

INVASIVE PLANT PATROL -WEDNESDAYS
Habitat Restoration Team
2022

MAY 4 - No Program today (staff training)

□

MAY 11 – CAMP BICENTENNIAL and BATTERY WALLACE, Marin Headlands. We'll mulch with rice straw and remove small trees to halt invasive plants from taking over this lovely point. Spectacular views of the Golden gate and ocean will reward us

Meet at Camp Bicentennial picnic site.

<http://www.google.com/maps/place/37.825341+-122.527658/>

MAY 18 – FORT BARRY REGION, Marin Headlands. We'll hike through butterfly habitat and the perimeters of this historic area and remove small trees and broom to protect endangered butterfly habitat.

Meet at the chapel/former visitor center parking lot on Field Road.

MAY 25 – MIWOK TRAIL, Marin Headlands – We'll hike the Miwok and Bobcat trails targeting wild carrots and French broom for removal throughout the spectacular Gerbode Valley.

Meet at the Miwok trailhead at Bldg. T1111 near Rodeo Lagoon on Bunker Road.
