

NATIVE PLANT NURSERIES

EDUCATION PROGRAMS

Presidio
Trust

The Native Plant Nurseries of the Golden Gate National Parks are committed to providing meaningful and memorable opportunities for youth. We offer free, standards-aligned programs that empower students to be active stewards of their national park and the world around them.

SEEDS TO FLOWERS

2ND GRADE | 3 HOURS

What do plants need to grow?
Students discover the plant life cycle while cultivating their own healthy stewardship ethic.

[APPLY ONLINE](#)

PETAL PUSHERS

3RD GRADE | 3 HOURS
+ PRE IN-CLASSROOM VISIT

Stewardship and scientific inquiry converge in this native plant adventure. Students get their hands dirty as they explore how plants have adapted for survival in their habitats.

GREEN THUMBS UP!

4TH GRADE | 3 HOURS ONSITE
+ PRE/POST IN-CLASSROOM VISITS

Awaken the field ecologists in your students as they delve into the relationships between plants, pollinators, and people. Students then transform learning into action in their own community.

APPLY ONLINE

RETURN OF THE WILD

6TH, 7TH, 8TH GRADE | 4 HOURS ONSITE
+ PRE/POST IN-CLASSROOM VISITS

Why is diversity important? Students examine biodiversity in plants and wildlife, inspiring connections to diversity in our own communities.

SERVICE LEARNING PROGRAMS

PRE-K THROUGH COLLEGE | 3 HOURS

Students learn what it takes to grow plants for ecological restoration by participating in nursery activities. These native plants will be used to restore habitat throughout the Golden Gate National Parks.
