

THE SITE CONNECTING CRISSY FIELD TO THE HEART OF THE PRESIDIO

THE PARK WE NEED

As our cities become more densely developed, and families search for vibrant and safe places for their kids, the Presidio Tunnel Tops is a park for all—at a time when it is needed most.

With no admission fee and many connections to public transit, the Presidio Tunnel Tops is dedicated to serving all of our communities through open parkland, natural spaces, and lively places to grow and thrive.

JOIN US

The Presidio Tunnel Tops is being built with philanthropic support from our community. To contribute and learn about on-site recognition, contact Joy Shigaki at jshigaki@parksconservancy.org or (415) 561-3050.

THE TEAM

The Presidio Tunnel Tops is a partnership project of the Presidio Trust, Golden Gate National Parks Conservancy, and National Park Service. Our design partner, New York-based James Corner Field Operations, is a leading-edge urban design and landscape architecture firm best-known for its work on the High Line.

PRESIDIO
TUNNEL TOPS
A Park For All

THE OPPORTUNITY

The recent replacement of Doyle Drive offers a **once-in-a-century chance** to create brand-new parklands overlooking the Golden Gate—on top of the tunnels of the new roadway and connecting down to Crissy Field. **This new national park destination** will be a place where visitors and residents can gather with friends and family to **play and learn**, delight in **panoramic views**, experience **culture and community**, and launch their adventure in the Presidio and across the Golden Gate National Parks.

WELCOME TO THE PRESIDIO TUNNEL TOPS

These 14 acres of new parkland will feature interactive play and education facilities to serve many more local youth in park-based programs; a welcoming community plaza with a new visitor center, picnic grounds, and a communal campfire circle; and meandering paths with awe-inspiring views and gardens.
