# Golden Gate National Parks Volunteer Work Description & Field Safety

# **General Work Description for Parkwide Volunteer Programs**

Support habitat restoration, nursery activities, trail maintenance, building and grounds maintenance, and/or landscaping projects by performing any number of related tasks. The work may include, but is not limited to: outplanting vegetation, removing weeds and invasive vegetation, collecting native seed, transplanting seedlings, working in and around compost, pruning vegetation, clearing trails, repairing trail tread, rerouting trails, clearing drainage systems, repairing and installing fencing/boardwalks/steps/benches/signage, removing graffiti, collecting trash, working around poison oak, loading/unloading tools and materials, and performing basic construction work. These tasks may incorporate the use of tools including, but not limited to: wheelbarrows, brooms, trowels, shovels, rakes, pruning shears, gardening hand tools, hand picks, pitch forks, hand saws, pickaxes, McLeods, hoes, and hand tools (manual).

Photos of volunteer activities may be taken during the program and used for park publications. If you require restricted use of your photo, please alert the park volunteer manager.

Work is to be accomplished over a minimum period of 2 hours and maximum of 8 hours on any given day, not to exceed 40 hours in a week, depending on the volunteer position.

# **Field Safety**

Park staff will provide you with a safe work environment and will identify any potential hazards in the working area. While we strive to create the safest environment possible, it is impossible to eliminate all potential hazards when working outside in nature. Feel free to ask a park volunteer manager for more information on these or other topics.

- **Be Prepared! Dress Appropriately!** Wear clothes that can get dirty, long pants, closed-toe shoes (no flip-flops or sandals), layers for changing weather, and rain gear if necessary. Bring a personal water bottle and sunscreen.
- **Ticks:** Ticks are common carriers of Lyme disease. Though you are unlikely to come in contact with them in San Francisco, they are common in Marin and San Mateo counties. Check your clothes and body after working/playing outdoors.
- Yellow Jackets: Yellow jacket nests are commonly found in trees and on the ground in natural areas. Yellow jackets are often difficult to spot, but if you see one, try to follow it back to a nest and clear the area. If you see multiple yellow jackets flying around an area, warn others about them. They are very protective of their homes and sting repeatedly if aggravated. If you disturb a yellow jacket nest, run away quickly in a zigzag pattern. If you know you are allergic, please take precautions for your safety.
- **Poison Oak:** The oil in poison oak can cause a severe rash, especially if you are highly allergic to it. Everyone should learn to recognize poison oak and avoid it. To identify poison oak, look for three lobed leaflets, which come in a variety of colors (from green to red) and are sometimes shiny or glossy in appearance. If any part of the plant touches your skin, clothing, or tool, talk to the park volunteer manager for further instructions on decontamination.
- Heat Exhaustion: Drink plenty of water while working! If you feel tired or lightheaded, sit down and rest in the shade.
- Sun Exposure: You can get sunburn on a cloudy day. Wear sunscreen and a hat for protection.
- Tool / Back Safety: Be aware of the tools you are using. Make sure you know the correct way to use and transport them. Keep space between you and other volunteers. To avoid repetitive motion stress, take regular stretch breaks. Use your legs when lifting or pulling heavy objects, and always try to avoid twisting when carrying or loading.
- Things You Might Find: The Golden Gate National Parks are urban parks with a military history. Be observant and avoid things like broken glass, rusty metal, hypodermic syringes, unexploded ordnance, and pet feces. Glass, metal, and other trash can be picked up (wear gloves!). Alert the park volunteer manager if you find a needle or something you do not recognize—do not pick it up!

The Golden Gate National Parks Volunteer Program is a cooperative parkwide effort of the <u>Golden Gate National Parks</u> <u>Conservancy</u>, the <u>National Park Service</u>, and the <u>Presidio Trust</u>.

# Immigrant Yarn Project Volunteer Art Guides

### Immigrant Yarn Project Volunteer Art Guides

Dates: March 8 - May 19

Location: Fort Point National Historic Site

Hours: 10am-5pm, Friday - Sunday

#### Overview

The Golden Gate National Parks Conservancy is looking for enthusiastic individuals to join the Art in the Parks' team as Volunteer Art Guides for the upcoming exhibition *Immigrant Yarn Project*.

# About Immigrant Yarn Project

Immigrant Yarn Project is presented at Fort Point by Enactivist in partnership with the Golden Gate National Recreation Area and the Golden Gate National Parks Conservancy through the Art in the Parks program. Immigrant Yarn Project features knitted and crocheted pieces of yarn art made by over 600 contributors from across the country representing generations of immigrants from every corner of the world — and including contributions from homeless communities, seniors, students, LGBTQ, Native Americans, and even a Former Secretary of State.

Led by Founder and Creative Director of Enactivist, Cindy Weil, the knitted and crocheted contributions have been stitched together into sculptures that will be installed inside Fort Point. Each submission, both big and small, carries a personal immigration story, made into visual art by the colors and patterns, flags designs, words, or symbols. They seek to represent families, heritage, and the journeys, whether recent or generations ago, that brought these knitters and crocheters to the USA. The project embodies and celebrates both our shared immigrant story and our citizenry in a nation composed of diverse backgrounds, families, politics, faiths, identities, and ideas. To learn more, visit enactivist.org.

#### **About the Volunteer Art Guide Position**

Immigrant Yarn Project Art Guide volunteers will be responsible for providing all aspects of visitor service to exhibition visitors at Fort Point National Historic Site. Art Guides will orient and interact with visitors, explain the artworks, provide information about the project contributors and the conceptual themes at work in the exhibition (such as heritage, family, and cultural identity) and their relevance to Fort Point and other park sites. They will also answer visitor questions, and help monitor for security, visitor flow, and art maintenance.

There will be two Art Guides on staff at all times. The second Art Guide will generally be available on the second floor to answer questions and monitor that visitors are not touching the IYP. The Art Guides will change posts periodically as needed.

Art Guides are encouraged to dress warmly in layers and wear comfortable shoes. There is cell service available just outside the front entrance of Fort Point but not inside at the Guard Station, and bathroom facilities are located near the parking lot. Feel free to bring your

Commitment

knitting!

• All volunteers will participate in a brief orientation on site prior to their first shift. Volunteer Shifts:

Morning Shift: 10:00 am - 1:30 pm
 Afternoon Shift: 1:30 pm - 5:00 pm

# Knowledge, Skills, and Abilities

- Interest in and/or experience with art exhibitions
- Demonstrated strong verbal communication skills
- Enthusiastic team who pitches in and works well with people of diverse backgrounds
- Ability to work comfortably engaging and communicating with large numbers of people in a public setting

# **Physical Requirements and Work Environment**

- Work is performed in outdoor park settings and in historic sites with limited heating
- Work is performed standing or walking
- Must be able to walk up a flight of stairs.

# Why Apply

- Opportunity to expand your knowledge of your national parks in the Bay Area through active roles and public interaction
- Opportunity to meet and interact with a variety of park and arts institution professionals and learn about public art installations

To learn how to participate, please email <a href="mailto:immigrantyarnproject@gmail.com">immigrantyarnproject@gmail.com</a>, or sign up for an Art Guide shift at <a href="http://signup.com/go/uGgsXCL">http://signup.com/go/uGgsXCL</a>

Please no phone calls about this volunteer program.

**Location:** Fort Point is located at the south anchorage of the Golden Gate Bridge at the end of Marine Drive on the Presidio of San Francisco.

**Parking:** Parking is free at Fort Point, however there is limited space. On busy weekends, additional parking is available near the Warming Hut, a ten minute walk to the Fort. Parking at the Warming Hut is free on weekdays. Click here for more information on how to drive to Fort Point.

**Public transportation:** MUNI 28 bus or PresidiGo (Crissy Field Route): Get off at Golden Gate Bridge stop. Walk fifteen minutes, following trail signs northeast of the plaza to Fort Point at the base of the bluffs. The PresidiGo also stops at Crissy Field at Mason St and Crissy Field Ave, also a fifteen minute walk to Fort Point.

#### **About Art in the Parks**

The Art in the Park initiative is a partnership program of the National Park Service Golden Gate National Recreation Area (GGNRA), the Golden Gate National Parks Conservancy and the Headlands Center for the Arts. The program mission of Arts in the Parks is to provide programs to connect our visitors with creative experiences in the park that are transformative, unexpected, and inspirational. Previous Art in the Parks exhibitions include @Large: Ai Weiwei on Alcatraz, Home Land Security in the Presidio, and the Portal at Crissy Field East Beach. Since the program's inception, over 280 artists have participated in 27 art projects across 19 different park sites.

#### **About the Golden Gate National Parks Conservancy**

The Golden Gate National Parks Conservancy is the nonprofit membership organization that supports the Golden Gate National Parks—one of the most visited units in the national park system. Since 1981, the Parks Conservancy has provided more than \$500 million in support for site transformations, habitat restorations, research and conservation, volunteer and youth engagement, and interpretive and educational programs. The Parks Conservancy's work is made possible through the dedication of its members and donors; contributions from foundations, businesses, public agencies, and generous individuals, as well as earned income from the operation of park stores, cafes, and tours. Learn more at parksconservancy.org.
