

Q: How quickly should I respond to the hiring committee?

If we contact you through email, text, or voicemail you are expected to respond as soon as possible. When applying for a job, it's bad manners for the applicant to take longer than 24 hours to respond. Slow response times will damage your chances of securing a job interview.

Q: What time should I show up for my interview?

Be sure to show up 10-15 minutes before your interview time. Give yourself enough travel time and anticipate traffic. If you are taking public transportation give yourself even more time.

Q: What should I do if I'm going to be late for my interview?

Please call your interviewer as soon as possible if you know that you will be late. Your interview confirmation email will provide a phone number to contact in case you need to make any changes.

Q. What should I wear to the interview?

Wear clothing that is comfortable, but avoid styles or designs that are inappropriate for a work setting (such as revealing clothing or references to drugs). Please do not wear perfume, cologne, or other heavy personal body smells.

Q. What will the interview questions be like?

We want to make the interview as comfortable as possible for you. We ask questions so that we can get to know you better and understand how you will fit into the LINC team. Here are a few questions that we may ask during your interview:

1. What part of this program are you the most excited about?
2. What role do you play in a group or team?
3. What is your relationship with nature and the outdoors?
4. What is a change that you'd like to see in your community?
5. What is something from your life that you are proud of?
6. What has been a big change in your life?
