

We kicked off the project with

Crissy Field Day!

600+

people celebrated with us on SATURDAY, OCTOBER 20, 2018

394

people gave their feedback thru the **CRISSY FIELD GUIDE** available in English, Spanish, and Chinese

**6 ROVING RANGER POP-UPS** were held on site at Crissy Field - more to come!

381

people dropped by to learn about the project

“

這是我們第一次來這裡 (Crissy Field) 遊覽, 第一感覺沙灘地帶空氣新鮮, 適合大人小孩遊玩的地方, 碧綠的大海在陽光照耀下顯得格外清藍, 可以呼吸到新鮮空氣, 是人們嚮往的地方, 悠閒的聖地!

This is our first time visiting Crissy Field. My first impression is the beach air is so fresh, it is very suitable for grownups and children to play around. The dark green ocean looks particularly clear and blue under the sun. We can breathe in fresh air it's a relaxing recreational place that people look forward going to.

I love this place and have been coming for years. I very much appreciate that one can drive and that there is parking, because my husband now cannot walk at all, but still loves to come down here. Warming Hut is a favorite.

*Me gusta mucho este parque y que hayan areas así lindas en todo San Francisco. Actividades al aire libre. Areas para hacer cumpleaños. Muchas gracias.*

I like this park very much and would like there to be more beautiful places like it everywhere in San Francisco. Activities in the fresh air. Areas to have birthdays. Thank you very much.

In Fall 2018, we received feedback from hundreds of people excited to contribute ideas to the future of Crissy Field in the Presidio.

HERE'S A SAMPLING OF WHAT YOU HAD TO SAY:

**CRISSY FIELD NEXT**

Community Brainstorm

Preserve dog-friendly areas! The areas in the city where dogs can run free will continue to be more and more limited as the city grows. The Airfield is a great resource for dog walkers and dog owners. Installation of a drinking fountain and trash can with poop bags will keep the area clean and safe for all.

聽朋友介紹這裡非常好。我們來到這裡, 謝謝你們招待我們。建議: 加州的陽光適合於植物的生長, 設上有有機植物園。讓孩子們親近自然的機會。

I heard from a friend that it is nice here. Thank you for your reception when we got here. Suggestion: California sun is good for growing plants, set up a natural botanical garden, and give children the opportunity to be close to nature.

As a parent, it would be really great to know what's to do for kids. Kid-friendly play spaces—playground, garden, etc.

*Me gustaría ver un playground y ver actividades los sabados y domingos. Y mas asientos (bancos)—picnic tables.*

I would like to see a playground and see activities on Saturdays and Sundays. And more seating (benches)—picnic tables.

Thank you for keeping kiteboarding and windsurfing at one of the best spots in the world. Keep the grass!

Everyone has the right to enjoy Crissy Field but some bike management would be helpful (especially rental cycles designation) to keep it safe. I don't have a dog but I come out here to pet and visit them, which I love! I think they should be allowed to play and run with their owners and use the paths and beaches. Owners need to be vigilant.

Indigenous history and continued presence. Incorporate more plants, architecture, etc. specific to the Ohlone people.

Don't overdo development as you make improvements. It's great as a wild natural space. The restoration of Crissy Field has been a revelation & precious gift for this city.

More ideas

FROM YOU:

- Keep dog friendly
- Play areas for kids
- Recreation opportunities (eg. exercise stations, bike track, fishing, watersport rentals, soccer fields, bocce courts)
- Park amenities (eg. barbecues, firepits, wind shelters, amphitheater, camping)
- Natural habitat for plants and wildlife
- Food trucks, cafes, shops reflective of various cultures in the Bay Area
- Bike, pedestrian, and car traffic safety; better transit options
- Public art and music
- Enforce dog regulations
- More trash, recycling, compost, dog poop, and cigarette receptacles
- Info on nature, history, and volunteer opportunities
- More public events
- Better restrooms and more water fountains
- Increase and improve parking
- Keep Crissy Field as is/don't overdevelop
- Info on volunteer opportunities
- More electric car charging stations
- No overnight parking
- Decrease crowdedness
- Beach cleanup tool stations

**Gather. Create. Play.**

# WE ASKED WHAT YOU WANTED TO SEE NEXT AT

# Crissy Field!

Here are your favorite ideas!

## West Bluff

### 1. More places to sit and relax

2. Safer traffic and designated bike lanes
3. More barbecue and picnic spots
4. Improvements to Torpedo Wharf, new seating and fishing amenities
5. Additional visitor services at the Warming Hut

## The Airfield

### 1. More public art

2. New picnic spots and places to sit
3. New areas for different recreational activities
4. Fun ways to learn about aviation history
5. Better grass or different paving options

## East Beach

### 1. Larger natural habitats

2. Different places to sit and relax
3. More barbecue and picnic spots
4. Safer traffic circulation and entrances
5. A gathering place to start my adventure

## Building 1199

### 1. Grab-and-go café

2. Community partner pop-ups (ex. SFPL, YMCA)
3. Classrooms for public programs, and classroom kitchen for food programs
4. Community gathering space
5. No building and more open space (for picnic spots and parking)

## Mason Street

### 1. The best bike ride in SF—views, protected bike lanes, pedestrian paths

2. Better pedestrian connections to the rest of the Presidio
3. Safer crossings
4. Slowed down car traffic
5. More transit stops

## The Marsh

### 1. Bigger habitat for plants and wildlife

2. Places to sit and enjoy nature
3. Enhancements for more biodiversity
4. Resiliency to sea level rise
5. Information about shoreline ecology

This information was gathered from feedback tools we created for the Community Brainstorm Phase. Our project team took your feedback—along with input from park staff and partners, community stakeholders, and experts in the field—and has started drawing up design ideas. We're excited to share these with you this summer.
